

**ATCO PIPELINES
DELIVERY TRANSPORTATION SERVICE TO
OTHER PIPELINES (MUST-FLOW)
Rate OPDM**

A) General Description

Other Pipelines Delivery Must-Flow Service (OPDM), is available to Customers who deliver Gas to Other Pipelines from the Gas Pipeline System. This service is currently available for delivery to NGTL, Alliance and MIPL/TransGas. In all cases, Customer must hold transportation service at the point of delivery on the Other Pipeline. For clarity, deliveries to NGTL through OPDM service are accomplished through Customer's receipt service on NGTL.

Refer to ATCO Pipelines' Transportation Service Regulations and Business Policies & Practices for more information pertaining to the administration of this Rate.

B) Delivery transportation service to Other Pipelines is available provided that:

- (i) Customer is served off ATCO Pipelines' Gas Pipeline System.
- (ii) Customer has the contractual control of Customer's Gas flows on the Gas Pipeline System.
- (iii) The Customer must execute an Agreement (OPDM) which is subject to the provisions of this Rate Schedule and incorporates ATCO Pipelines' Transportation Service Regulations as amended from time to time and approved by the Alberta Energy and Utilities Board.
- (iv) This Rate is not applicable to Gas delivered from the Gas Pipeline System to on-system Point(s) of Delivery.
- (v) When the Gas Pipeline System is available to effect delivery of the Nominated Demand and such Nominated Demand is not fully utilized by Customer resulting in ATCO Pipelines' costs to deliver gas to any Other Pipeline, Customer shall reimburse ATCO Pipelines those costs. These charges will be based on the current Month's average Oversupply Delivery Cost multiplied by a quantity of Gas equal to the Nominated Demand less either the amount the Customer actually delivered to the Other Pipeline on that day, or the amount ATCO Pipelines delivered to any Other Pipeline as a result of Customer not delivering the Nominated Demand, whichever is lower.
- (vi) As incremental delivery capacity in excess of the Nominated Demand becomes available on the Other Pipeline, Customers

holding OPDM service will have first priority to the Customer's pro-rated share of this excess capacity through Overrun service.

(vii) Monthly OPDM terms may be approved at ATCO Pipelines' sole discretion and are not automatically renewed. Customer must reapply for the service.

(viii) OPDM Term:

The standard firm service Agreement (OPDM) term is 1 year and may commence at any time provided additional facilities are not required for the service to commence. A Customer may elect to enter into an Agreement for a longer term.

These Agreements will continue in effect after the Minimum Term Date as specified in the Agreement unless either ATCO Pipelines or Customer has provided 12 months prior written notice to terminate the service or reduce the Nominated Demand. The service will terminate, or the Nominated Demand reduce, on the first day of the month 12 months following the date on which notice was received by either party.

C) Transportation service charges at Other Pipelines point(s) of delivery

Rate OPDM: DELIVERY TRANSPORTATION SERVICE TO OTHER PIPELINES (MUST-FLOW)
