

**ATCO PIPELINES
DELIVERY TRANSPORTATION SERVICE TO
OTHER PIPELINES (COMMODITY)
Rate OPDC**

A) General Description

Other Pipelines Delivery commodity service (OPDC) is available to Customers who deliver Gas to Other Pipelines from the Gas Pipeline System. This service is currently available to deliver gas to NGTL, Alliance and MIPL/TransGas. Customers must hold transportation service at the point of delivery on the Other Pipeline except where ATCO Pipelines holds a transportation account (i.e. ATCO Pipelines' NIT account on NGTL). In the latter case, Customer's gas shall be allocated through ATCO Pipelines' account on NGTL to the Customer's account on NGTL.

Refer to ATCO Pipelines' Transportation Service Regulations and Business Policies & Practices for more information pertaining to the administration of this Rate.

B) Delivery transportation service to Other Pipelines is available provided that:

- (i) Customer is served off ATCO Pipelines' Gas Pipeline System.
- (ii) Customer has the contractual control of Customer's Gas flows on the Gas Pipeline System.
- (iii) Customer must have executed an Agreement with ATCO Pipelines (i.e. an Agreement specific to OPDC service is not required).
- (iv) The Agreement is subject to the provisions of this Rate Schedule and incorporates ATCO Pipelines' Transportation Service Regulations as amended from time to time and approved by the Alberta Energy and Utilities Board.
- (v) This Rate is not applicable to Gas delivered from the Gas Pipeline System to on-system Point(s) of Delivery.
- (vi) As incremental delivery capacity in excess of the Nominated Demand becomes available on the Other Pipeline, Customers holding OPDM service will have first priority to the Customer's pro-rated share of this excess capacity. If the excess capacity is still not fully utilized, the remaining capacity will be available to those Customers holding OPDC service on a "first come, first served" basis.

C) Transportation service charges at Other Pipelines point(s) of delivery
