NOTICE – 2011 Receipt Allocation Reporting Schedule

To: All Common Stream Operators, Connecting Pipeline Operators,
ATCO Pipelines Transportation Customers contracted at
On system receipt points, Agents, Marketers, Aggregators

Attached is the Receipt Allocation reporting schedule for the year. Timely, accurate measurement and allocation information is critical to the success of the natural gas transportation and natural gas production industries. ATCO Pipelines is committed to work within this reporting schedule to report receipt station ENERGY information to Common Stream Operators. It is the responsibility of the Common Stream Operator to report allocations according to customers contracted and nominating at the receipt point back to ATCO Pipelines as well as to purchasers of gas. The attached schedule covers the measurement and allocation reporting deadlines.

RECEIPT STATION MEASUREMENT (RSE)

ATCO Pipelines reports RECEIPT STATION ENERGY (RSE) based on measured volume and gas heat value taken at receipt station sampling point and estimated customer allocation amounts for all gas received on the system. This is the fifth business day following service month as per BP&P 8.3 Receipt Point Allocation.

COMMON STREAM OPERATOR ALLOCATION REPORTING (CRA)

Common Stream Operators are required to submit CUSTOMER RECEIPT ALLOCATIONS (CRA) based on RECEIPT STATION ENERGY (RSE) provided by ATCO Pipelines by the 18th calendar day at 21:00 MST. In the event a Common Stream Operator does not submit allocations prior to the deadline, ATCO Pipelines will finalize customer monthly allocations based on the estimated allocations for the month.

PRIOR PERIOD ADJUSTMENTS (PPA)

Prior period allocations adjustments (PPA) are required for any Receipt stations with revised measurement. Where there is no measurement revision, ATCO Pipelines will accept one (1) revision to allocations, provided it does not extend further back than the previous two service months. PPA's begin on the 2nd calendar day and ends at close of business on the 18th calendar day. See Business Policy and Practices (BP&P) section 8.8 (Allocation Practices – Revisions to Month End Allocations).

If you have any questions, comments or concerns please contact the ATCO Pipelines Measurement & Gas Coordination group at 403-245-7071 or email measurement@atcopipelines.com.

Yours truly,

Sherri Kilburn
Supervisor Measurement Coordination
